Dear Valued Business Partner,

This letter confirms the pistachio nut recall by Setton Pistachio of Terra Bella Inc. does not affect any products sold by The Hershey Company (Hershey) in the United States or Canada. No United States or Canadian products manufactured by or for Hershey contain pistachios.

Consumers should remember that other companies may make products that contain both ingredients made by Hershey and ingredients, including pistachios, supplied by other food companies. If you have any doubt about whether a product is manufactured by Hershey, please call our toll-free number (800) 468-1714. If you have any question about the sources of pistachios in products made by other companies, please call the manufacturer.

Sincerely,

Donald A. Mastrococo, Jr.
